

Advice Pavilion

Press release

Advice Pavilion is a freestanding sculpture that will live in Queen's Crescent Garden, Exeter from the 22-28 May. Shaped like a flower bud, it will be covered in the life advice of the residents and communities of Exeter, specifically those with the surrounding ward of St. James. These communities include the local Mosque, primary school, community centres, student population, and the wide range of residents living near the park. The idea is to create a monument to neighborly wisdom, and celebrate the often overlooked space of Queen's Crescent Garden, which will be redeveloped later this Summer by the St. James Forum, a collective of local residents. Advice Pavilion was designed by Exeter based artist Hugh McCann.

You are invited to the launch event on May 21st at 5PM, where there will be a talk by the artist and light refreshments.
